$\frac{3}{8}$ " *	1304	1303	1302	1301
$\frac{1}{2}$ "	1204	1203	1202	1201
$\frac{3}{4}$ "	1104	1103	1102	1101

XJ Shield is intended to fit over the most commonly used expansion joint materials, typically fiber board or wood. XJ Shield sizes correspond to the width of the expansion joint that is to be covered. Place onto the expansion joint, and secure with staples prior to pouring or immersing into wet concrete. Color may be specified using Davis Colors®, Pantone®, or Sika® color charts. XJGrey will typically ship from stock. Colors listed below have a lead time of approximately 4 weeks. Standard coil length is 50 ft.

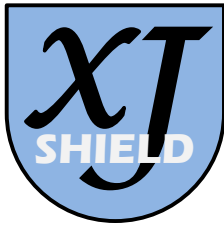

XJ Colors	Davis Colors	Sika Colors
XJGrey (standard)	5237 Sandstone	SG237-1 Sand Buff
XJSand	5447 Mesa Buff	SG447-2 Schooner Beige
XJTan	5237 San Diego Buff	SG084-1 Hay Fields

Specification format: XJ-(profile number)-(coil length in feet)-(color)

Example: XJ-1203-50-XJGrey = XJ Shield $\frac{1}{2}$ " size, single-sided w/chamfer, 50 ft coil, 'XJGrey' color

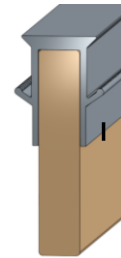

Standard length and color typically ship from stock. Please contact us for custom color or length quotations. XJ Shield is proudly made in USA and is US patent pending.

*Available spring, 2020
